<p>Dr Michael Danner, U.S.A Doctor of Mechanical Engineering</p>		<p>Pills</p>	<p>“My name is Dr. Michael Danner. For many years I have used the pills and in fact all EFT products in my international business in the USA and Middle East. Initially I was very sceptical, but as the old saying goes, “seeing is believing”. As a former motor racer I enjoy performance and this was the first thing I noticed in my Porsche 911 (Dubai) and Audi TT Roadster (USA). The cars performed much better and saved gas. I was so impressed that until my recent semi-retirement from my Dubai based business, I distributed the products to big industry throughout the middle east. Many of my customers were major USA corporations located in the region.</p>
